ABOUT THE X95[®]

**ONE RIFLE – THREE CALIBERS – SUITABLE FOR ALL COMBAT SCENARIOS.
THE STANDARD ISRAEL DEFENSE FORCES (IDF) ASSAULT RIFLE.**

The X95 is an innovate firearm which was created and developed in collaboration with the Elite Units of Israel Defense Forces (IDF). The X95 was designed exclusively for the Military, Police, Special Forces and Law Enforcement. Every ergonomic aspect was taken into consideration during its development.

The X95 is manufactured out of high strength impact modified polymer, providing a strong but light weapon and incorporates advanced technology that allows the conversion among the different calibers within minutes. This leap in technology enables the soldier to use the same weapon platform for a wide array of scenarios.

The X95 - all in one mission - is the ideal weapon for handling complex situations and was created to deal with modern terror threats, as well as urban and open areas combat.

Exceptionally reliable in even the harshest weather conditions and combat-proven by military and police entities around the world, it is the standard Israel Defense Forces (IDF) assault rifle and complies with the most stringent NATO standards for small arms, including environmental standards.
